

To all the staff - and Dr. Fortman ^{TOO!}

A great dental experience shared with you all. Laughter, smiles, reassuring words. The at home welcome feeling was so appreciated. From the embossed ☺️ printing on our take home goodie bag to the "special cuz. I was a good patient" "Crimper" made by a patient that Dr. Fortman gave

me was so very heartfelt & your office atmosphere is not found in many places today so I was like "this is so nice". A tap on the shoulder by Dr. Fortman was like "this man cares for me" and my comfort and "thank you" Great job & ❤️
